

A Typical Day at the Schoolhouse

9:00 Children Arrive:

In a typical day, your child will enter the schoolhouse with their parents, hang up their belongings on his or hers assigned hook, sign in and be greeted by the teacher(s). Before leaving your children for the day, be sure to check the bulletin board for any daily notices and/or sign-up sheets.

9:00-9:30- Children Enjoy Indoor Free Play Activities:

The children will be able to interact with their peers and play freely as they choose.

9:30-9:50 Circle/Meeting Time:

The children gather around and sit for our morning meeting. We review the calendar and weather, and sing our morning song. We discuss our theme of the week, and read a story. Then we use the choosing board to make our choices for activity/work time.

9:50-10:50 Work Time & Snack Time:

The children will do a theme related activity with a small group and a teacher. This is the time that the children will be exposed to basic learning fundamentals. This is also the time that Snack is offered as a choice.

10:50-11:00- Clean Up

We all work together to clean up our room.

11:00-11:30- Children Enjoy Outdoor Activities:

Weather permitting the children will go outside to play on the outdoor equipment. We will also play group games, seasonal activities, and explore nature while outside.

11:30-Children Depart for the day:

Depending on the day's schedule, the children will either be in the play-yard or in the school waiting to be picked up. Before leaving, be sure to gather your child's belongings and check the cubbies and the "Parent Pockets" which may contain important notices or your child's artwork.
